

REJUVENATION®

Pittock Single Towel Bar Set

CALIFORNIA PROPOSITION 65 WARNING: This product contains brass hardware components which contain lead, a heavy metal known by the State of California to cause cancer, birth defects, or other reproductive harm.

Your Pittock Towel Bar Set is crafted of forged solid brass with solid brass tubing. Forging is a process whereby a tool forms and actually compresses the metal with a tremendous amount of force. Each piece is then polished by hand. Our fittings and fixtures for your home are not merely handsome but will endure for years.

PARTS INCLUDED

Towel Bar	1 pcs
End Brackets	2 pcs
Drywall Anchors	4 pcs

MOUNTING INSTRUCTIONS FOR TYPICAL DRYWALL APPLICATIONS

Note: Consult your local hardware store for proper mounting to other wall materials.

Tools Required: Phillips and slotted screwdriver.

1. Place one of the End Brackets in desired location.
2. Mark the location of drywall anchor installation. Remove the Bracket from the wall. Using only a Phillips head screwdriver, pierce the tip of the anchor into the wall. *Do not push or pound the anchors into the wall, they are designed to bore into the wall like a screw.* Turn clockwise until flush with the wall.
3. Once both anchors are secured, place the End Bracket over anchor and insert mounting screws. Turn mounting screws clockwise just until you feel resistance.
4. Using a tape measure, determine the location for the second End Bracket (center of first Bracket to center of second Bracket). Repeat step 2.
5. Insert the towel bar into the loose End Bracket and insert this set into previously mounted End Bracket; tighten last set of screw.

CLEANING INSTRUCTIONS

To maintain and protect the luster of all products, clean with a soft, damp cloth only.
